# *SC Founder Projects — Dual-Return Execution

Building Autonomous Internal Infrastructure That Scales as High-Margin Commercial Ventures. Investors frequently ask how a lean organization can execute across nine high-growth verticals simultaneously without diluting focus or burning capital. The answer lies in our **Dual-Return (Two Birds, One Stone) Project Architecture**.

PROJECT 01 • INTELLIGENCE-CORE / QUBIT-BIZ

## Project 01 | Qubit ERP — Architecture & 8-Team AI Management Engine

Legacy ERPs (SAP, Oracle) charge exorbitant per-seat licensing fees while still requiring armies of human clerks. **Qubit ERP (SISTAR ERP)** is an AI-native, zero-license-cost ERP backbone built natively on Google Workspace (Sheets, Docs, Drive, AppSheet) orchestrated by Gemini AI and custom webhook pipelines.

### Finance (F'ce) & Taxation

Automated real-time P&L/Costing ledgers, K-SURE BNPL & trade funding trackers, Qubit AI VAT Automator (Korean & Indonesian tax harvesting), and Dynamic AI Pricing sliders.

### HR (SISTAR IO)

Automates Challenger pooling, task allocation, 5-tier performance evaluation (Console / Monthly Sales / Dashboard sync), and automatic 25th-of-the-month profit-sharing payouts.

### Sales (x3), Marketing & CRM

Generates automated B2B Proposal Packages, manages Trials to Have Goods and PetFood Bank / Zero Wastage campaigns, and runs anti-churn & overdue collection workflows.

### Development (Dvmp) & RA

Tracks daily R&D milestones (+10 project developments/day) and manages global trademark, patent, and NIE/BPOM regulatory filing timelines.

## Smart Logistics (SISTAR SS / DT) & Dual-Return Commercialization

### AI-Vision Stock Opname

Replaces manual warehouse stock-taking with CCTV and Gemini Vision AI multimodal recognition — counting pallets, sachets, and SKUs in real time while flagging expiring stock.

### SISTAR SS (Space Sharing)

Connects underutilized warehouse space, vet clinic storage, and local partner shops (Mint-Colored Shops) into a virtual fulfillment network cleared via Space Bank credits.

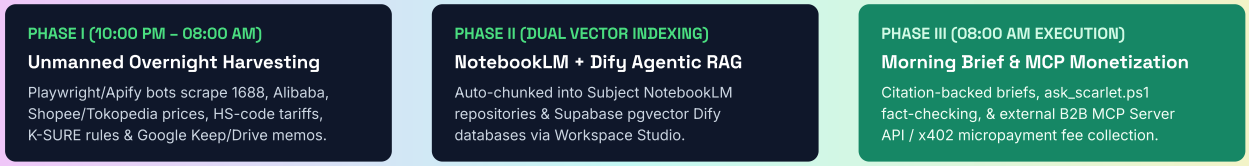

### SISTAR DT (Deliver Together)

Consolidates fragmented B2B/B2C orders within the same geographical zone into unified cargo routes using Shop Nearbuy pickup nodes, slashing logistics costs by up to 40%.

> **Dual-Return Impact: Saves 100% of enterprise ERP licensing across all 8 *sc bases internally, while monetizing externally as a turnkey B2B Smart ERP & Shared-Logistics SaaS packaged with Zoho Inventory/CRM bridges.**

# Project 02 | Company RAG Project — Overnight Data Factory

"Data For All" & Zero-Hallucination Intelligence. Combines our unmanned **SISTAR DF (Data Factory)** and **DataCentralizer AI** into an automated overnight intelligence refinery operating from 10:00 PM to 8:00 AM while human executives sleep.

PROJECTS 03 & 04 • AUTONOMOUS AGENT SWARMS & EXECUTIVE OS

# Project 03 | Agent Builder, SISTAR WA & Ms. Scarlet

Replaces linear headcount expansion across 8 countries with **SISTAR AB (AI Agent Builder)**, **SISTAR WA (AI Work Automation)**, and our flagship executive persona, **Ms. Scarlet** ("I'm Not Fool — Where Magic Happens with a Spell").

### Ms. Scarlet Supreme Commander

Hybrid orchestration uniting Gemini 2.5 Pro/Flash, Claude CoWork (Vibe Coding), and Dify 9-Center Routing Workflows — interpreting natural-language executive "Spells" and closing B2B/B2C sales 24/7 on web and WhatsApp.

### SISTAR B/D & MMD + Studio

Autonomous Vibe Coding/Design agents generating 20x marketplace variations and SISTAR Studio producing +10 shoppable videos and +10 curriculum updates every day (24/7 unmanned).

**B2B AI Automation Agency**

Commercialized via intelligence-core as "Customized AI Automation Services for Your Biz" (Setup Fee + Monthly Retainer) for vet clinics, medical practices, and manufacturers.

## Project 04 | C.A.N. (CEO ActionNote AI) — The Spark Exploder Engine

"One Spark to Galaxify Business, One Step to Unify Success." A 10-second executive voice note or text spark is autonomously exploded via Company RAG into four synchronized execution tracks and bound into the 100-Project Master Matrix.

### Track A

**Digital Portal**

Triggers Qubit App Factory to auto-reskin a dedicated localized B2B/B2C micro-portal.

### Track B

**Shoppable Media**

Directs SISTAR Studio to generate localized short-form video ads and 20x superposition listings.

### Track C

**Quantum Trade Link**

Structures the 3-party ODM supply contract, NIE regulatory checklist, and K-SURE BNPL terms.

### Track D

**Arbitrage & Pricing**

Calculates discrete energy pricing tiers (E1, E2, E3) and local sachet repacking margins.

> **One-Touch Executive Collapse (t = 0) & SaaS Pricing: A single "Approve / Collapse" tap triggers simultaneous webhooks across payment gateways, factory POs, and accounting ledgers. Commercialized on qubit-biz at Pro Tier ($99/mo, up to 10 project matrices) and Unicorn Enterprise Tier ($299/mo, up to 100 project tabs + private MCP server).**

PROJECTS 05 & 06 • WEARABLE COGNITION & PHYSICAL AI ROBOTICS

# Project 05 | Exo-Brain Project — Corporate Memory & [& I] Wearable Tech

### Track I: Enterprise Immortal Exo-Brain

Continuously ingests executive decision logs from C.A.N., 30 years of international trading heuristics, negotiation transcripts, and project post-mortems into a time-stamped episodic vector graph — allowing junior Challengers and AI agents to query the founder's exact strategic judgment 24/7.

### Track II: [& I] ("It's Me, & I, Cuz I Love U") Smart AI Necklace

A featherlight wearable pendant paired with a personalized RAG memory bank. Passively indexes authorized daily conversations, medication schedules, and family stories, using gentle voice prompts and vocal biomarker analysis to assist seniors with MCI or early dementia (B2C Family Subscription + B2G Municipal Welfare Licensing in KR, JP, USA).

# Project 06 | ODM Manufacturing & Auto-Formulator Robot (Physio-Formulator R1)

Fuses Physical AI Robotics with 50-year Korean formulation heritage and Indonesian GMP facilities to eliminate rigid MOQs (5,000–10,000+ units) and human mixing errors.

### Physio-Formulator R1 (30L Robot)

AI-controlled precision liquid/gel compounding robot autonomously dispensing, heating, emulsifying, and mixing active pharmaceutical and botanical ingredients in 30-liter micro-batches (Michlo, RxVet, SISMii, Botanical Edition, FloralGlow) + s-Series Robotics (Robot Qubit, Lego Qubit, Aquasis, r-Shop).

### Stream A: Finished Premium Export

Direct export of high-margin finished products from Global No.1 Korean partner factories covering proprietary brands: *SC, FYD (Forever Young Dog), RxVet, Botanical Edition, and Floral Glow.

### Stream B: Rp 1,320 Sachet Quantization

Exports concentrated bulk raw materials from Korea/India to PT. SISTAR Indonesia (SCI) for localized GMP single-dose sachet repacking — bypassing heavy tariffs and quantizing landed unit cost to **Rp 1,320 per sachet** while protecting a **>45% gross margin**.

PROJECTS 07, 08 & 09 • MENTAL CARE, VET BIO-HEALTH & TALENT CLOUD

## Project 07 | Mind Company & Kids Mind/Edu Caring (SISTAR MI & EI)

### Mind Navi & S-CTI Diagnostics

University industry-academia validated temperament diagnostics profiling stress triggers and cognitive wiring for personalized daily care.

### 24/7 AI CBT (AiFF & NFQ)

Features AiFF (cognitive reframing), NFQ (burnout recovery community), PHQ-9/GAD-7 clinical tracking, and AI Ayurvedic NRT detox.

### FlexKids AI & Knowledge to Flex

Interactive AI tutor and emotional-care companion for children blending psychological resilience screening with AI-era creative literacy.

### 4-Model B2B/B2G/B2C Rollout

Model A (School Care & Parent App), Model B/C (Clinical & Senior Monitoring), and Model D (Corporate EAP Burnout SaaS + Ayurvedic cross-sells).

## Project 08 | Vet Specialties & Animal Bio-Health (MedIX / SISPet / SISPharm / Dx)

Our fastest-moving global cashflow anchor backed by 13+ years of market trust in Indonesia and deep Korean veterinary R&D partnerships.

### SISTAR MedIX & Vet CDSS

Prescription medicated shampoos & therapeutics (CHD, SungBo, Michlo, Prunus, RxVet) paired with Scarlet AI Vet CDSS (petclinic.scarlet.ai) lesion analysis.

### SISPet & Longevity AI

Premium pet nutrition (Dazzle, Iskhan, CA Kr, aT Bio, PetOne) and Forever-Young Dog AI & Scarlett the Cat AI longevity platforms.

### SISTAR Dx & SISPharm

POCT diagnostic reagents, PetCare AI multispectral smart cat litter box, and Zeelice phytogenic poultry red-mite & ammonia eradication.

### Container Deals & PetFood Bank

Rp 50M/month baseline across 20 regional partners per wave ("First 3 Shipments 50% Deal"), 20x Shopee/Tokopedia listings, and Re:D Zero Wastage clearance.

# Project 09 | SISTAR Challengers & Int'l Networks — "Intelligence on Tap"

### 30% Net Profit-Sharing Meritocracy

Replaces fixed payroll burn with a borderless talent cloud. Up to 30% of net project profit is shared across 5 contribution groups (Group I: 35%, II: 25%, III: 15%, IV: 10%, V: 5%) with a 10% individual cap, audited via Console/Monthly Sales/Dashboard and paid on the 25th.

### Omnichannel Pooling & SISTAR Camp

Recruits across KR, ID, VN, JP, IN, and USA via Jobstreet, LinkedIn, and universities. Weekly/monthly Learning-by-Doing AI Specialist certification programs replenish Co-Founders, Project Leaders, and Area Managers.

### Franchiseship S1–S6 & IATA / IADA

Deploys 6 asset-light turnkey formats (S1 Salon, S2 Mint-Colored Shop, S3 Clinic, S4 Pet Hotel, S5 Academy, S6 Membership/Rooftop) under "Zero Cost, Double Income," anchored by IATA & IADA governance.

CONSOLIDATED 2026 PRIORITY MATRIX & INVESTOR ACTION PLAN
